

**62 tracks v… ho… …at you can expect from the music from the International Youth C… …wh… …e found on the three CDs: From the pop oratorio I AM to the hymns in the divi… …ice …ingle bands to several versions of the IYC song. The music is also available in digital form.**

The CDs are currently in the pressing plant. That's always good news. It took many weeks to look at all the data from 1.5 terabyte of audio tracks, to choose and to edit the tracks. During the big events in the arena, up to 160 audio tracks were recorded at the same time, on the other sites it was up to 48 single tracks. That was a real challenge for the team responsible for musical editing.

## Also available in digital form

Those who want to listen to the music before the release date of the physical CDs can soon purchase the tracks in digital form: On the website of the Bischoff Verlag, you can download the content of the three CDs as MP3 files. From approximately January 2020 onwards, the music will also be available for purchase in digital form on the music portals "iTunes" and "Amazon Music". Until 30 November, the CDs can be pre-ordered at the Bischoff Verlag for a special price of 16.90 Euros. From December onwards, the price will be 19.90 Euros. The digital version of the music will be available at the Bischoff Verlag for 17.90 Euros. We guarantee delivery of the CDs before Christmas, if you order in time.
